

MEMORANDUM

Date: October 06, 2008
To: Water Right File 63-32061
From: cpadilla
Re: Permit Review

Conditions within this approval are based on an order that was issued 8/7/2008. Suncor has another permit, 63-31966 that is also for 5 cfs and for municipal uses. The place of use for this permit will be linked to the existing permit held by Suncor. Avimor dropped two points of diversion from the permit during the hearing which is documented in the order.
